Service Considerations:

Please note the following considerations for your Pool Opening service:

Services Not Included: Please note that our pool closing service does not include pool cleaning, replacement of faulty pool equipment, or water testing. These services may require separate bookings or specialized technicians; kindly contact our office for further assistance or scheduling.

Electricity: This service requires access to an outdoor outlet and equipment power disconnect. Please note that technicians will not enter homes or basements. If a utility or disconnect is within the home, we ask that someone be present.

Access Requirements: Ensure our technician has unobstructed access to the pool or spa area to carry out the service.

Service Delays: During service weeks that include holidays, inclement weather, or any other delays, the schedule will be adjusted to provide service as soon as possible. No credit will be provided for service disruptions due to low water levels, animal issues, access issues, or any other factors beyond our control. The customer is required to notify us of appointment cancellation at least 24 hours in advance. If a return visit is required due to any of the aforementioned issues or late cancellation, a \$99.00 dispatch fee will apply.

We appreciate your understanding and cooperation. Our team is dedicated to providing you with exceptional service. If you have any questions or concerns, please don't hesitate to call our office at 978-774-7005.
